

260 REM 130gr Berger Hybrid Tactical

This load features the new Berger Tactical Match projectile in a factory new Lapua or Nosler case. Put it in your range bag for your next DMR match or trip to the range to show up your buddies. The 260 Remington's flat trajectory and high ballistic coefficient enables this cartridge to out perform the 308 Winchester at virtually every distance. You can see why there is a huge push by law enforcement and military for this ballistically superior cartridge.

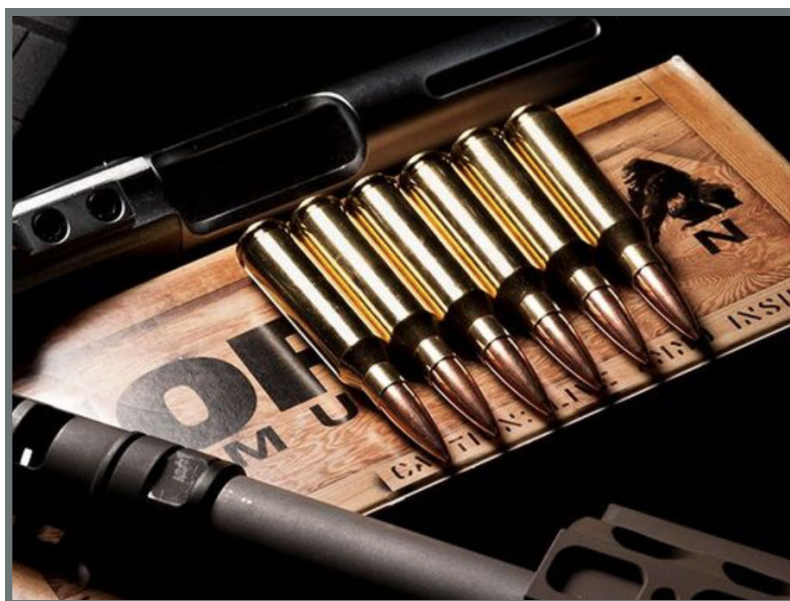

EQUIP BALLISTIC SUPERIORITY

Gorilla Ammunition utilizes only the highest quality components to manufacture high quality match grade loads and our 260 REM 130gr BHT offering is no exception.

Component selection is only the start to our top quality ammunition. Gorilla Ammunition ensures consistency by pairing proprietary high end linear loading equipment with state-of-the-art inspection equipment. We believe that precision ammunition is manufactured with meticulous care and attention to detail. Our team has full comprehension and command of these characteristics and pledge to deliver only supreme quality ammunition to the consumer.

THE ULTIMATE MATCH AMMUNITION

- Flat trajectory with a high ballistic coefficient
- Match grade primers and projectiles ensure insane accuracy and reliability
- Factory new military specification cosmetically improved brass cases
- Loads developed by expert ballisticians specifically for modern sporting rifles
- Precision ammunition manufactured with meticulous care and attention to detail.
- Unparalleled quality inspection of every round to ensure a top quality product
