

300 BLK 125gr Sierra® MatchKing®

With a solid reputation for quality and consistency, Gorilla Ammunition® utilizes the latest in laser inspection and high speed photography to guarantee every 300BLK 125gr SMK round offers incredible precision for the serious shooter. Perfect for target shooting or competition, this highly accurate round is developed to perform reliably under any adverse condition.

**INSANE ACCURACY
UNDER ANY CONDITION**

These cartridges are designed, perfected, and manufactured for maximum performance in short range barreled rifles. The Gorilla Ammunition® Products outperform every other 300 BLK ammunition on the market today.

Like all of Gorilla Ammunition's lineup, our 300BLK 125gr SMK is manufactured on state-of-the-art linear loading equipment and is held to the same stringent quality controls that has become one of the defining aspects of our brand. We optimize our loads to be consistent and accurate out of America's most popular firearms to ensure you get the absolute best possible product to defend yourself or achieve your best in shooting competitions. Utilization of cutting edge inspection processes grants us complete control over the manufacturing process which results in you receiving a product that is the pinnacle of accuracy and consistent performance!

**THE ULTIMATE MATCH
AMMUNITION**

- Insanely accurate for maximizing target hit success
- Match grade primers and projectiles ensure insane accuracy and reliability
- Factory new military specification cosmetically improved brass cases
- Loads developed by expert ballisticians specifically for modern sporting rifles
- Precision ammunition manufactured with meticulous care and attention to detail.
- Unparalleled quality inspection of every round to ensure a top quality product
